

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Reports Division

FROM : Chief, Materials Division

DATE: 10 December 1952

SUBJECT: Coordination of Project MP-102, "Estimates of the Minimum Civilian Petroleum Consumption of the Soviet Bloc in the Event of a General War in Fiscal Year 1954" (TS), with the Petroleum Subcommittee of the Economic Intelligence Committee.

1. In my memorandum of 31 October 1952 to the Assistant Director Research and Reports it was recommended that the subject report be informally presented for comments and suggestions at the level of the Petroleum Subcommittee of the EIC.
2. The minutes of the meeting of the Petroleum Subcommittee of 9 December 1952 state that the estimates contained in Project MP-102 were informally presented to the members of the subcommittee and were informally coordinated with them.
3. Since no comments or suggestions were made by the members of the subcommittee, Project MP-102 can go forward to the requester with the notation that the estimates contained therein have been informally coordinated with the members of the Petroleum Subcommittee of the EIC.
